

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of abuse of the public airwaves by a rogue "BIG MEDIA" corporation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line or to advance right wing political agenda and less of what we need for our democracy. Sinclair's actions are undemocratic and to this untrained eye, illegal.

Sinclair's abuses need to be addressed. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
